Rule: Understanding dasha mechanics, not predictions

Vimshottari Dasha System

The Vimshottari Dasha is a 120-year cycle divided among 9 planets based on the Moon's nakshatra at birth. Each planetary period activates that planet's significations according to its natal strength and house placement.

How Dasha Works

- **Mahadasha (Major Period):** Sets the overall theme and energy
- **Antardasha (Sub-period):** Modifies the mahadasha theme
- **Pratyantardasha:** Fine-tunes timing of events

Dasha Lordship Matters

A planet's dasha results depend on:

- Houses it rules (lordship)
- House it occupies (placement)
- Its dignity and strength (shadbala)
- Aspects it receives and gives
- Nakshatra it occupies
